Spring 2018 admission: November 1

Fall 2018 admission: April 1

Master of Public Administration (MPA)

The goal of the MPA is to prepare students for leadership positions in the public and nonprofit sectors. This includes positions in government, community development corporations, nonprofit social service agencies, planning and consulting organizations, and activities of private firms in public affairs and public policy areas. Through the MPA program, students build the analytical, management, and technical skills necessary to thrive in the rapidly changing public sector. The Master of Public Administration is fully accredited by the Network of Schools of Public Policy, Affairs, and Administration (NASPAA).
